Americans For Prosperity-New Hampshire is pleased to present our 2025 Legislative Scorecard.

AFP-NH hopes that this Scorecard will aid you in your efforts to remain well informed regarding some of the key legislative activity that took place in Concord over this past year and its impact in lowering or increasing barriers to success and enhancing a free and open society.

AFP-NH does not score every vote in the House or Senate. Rather, the focus of this Scorecard is to consider the most important votes cast in priority issue areas that impact our society, such as taxes and spending, health care, educational opportunity, worker freedom, regulation, free speech, property rights, ending cronyism, and having a criminal justice system that focuses on rehabilitation.

This year, the Legislature had the chance to advance important policies, including universal Education Freedom Accounts, which expands education choice to all families across New Hampshire, and the removal of the 15-mile moratorium around critical access hospitals, which enhances access to health care in our communities. These and other key votes are highlighted in this Scorecard to help you understand how legislators performed on the issues that matter most to Granite Staters.

Within this Scorecard, you will find these votes that are essential to removing barriers to opportunity. We hope this helps you see a clear picture of how legislators performed in these important areas.

Sincerely,

Sarah Scott

Deputy State Director.
